

EDUCATORS AND SOLONS CONFER ON SCHOOL LAWS

Details of pending legislation affecting schools were outlined and discussed Thursday evening at a joint meeting of the Adams and Franklin county school boards held at Graeffenburg Inn.

Meeting with the school boards were State Senator Donald P. McPherson, Jr., Assemblyman H. Earl Pitzer, the legislative committees of the school boards of Franklin and Adams counties, P. O. Van Ness, secretary of the Pennsylvania School Directors association, Dr. W. B. Grove, Mercersburg, president of the state school directors organization and Robert Carson, Greensburg, the state organization's second vice president.

Get Educators' Views

The meeting was held at the request of the local members of the legislature to give them an idea of the school directors' thinking in regard to the school legislation now before the state lawmakers.

Much of the evening was devoted to a proposed law which would provide state reimbursement toward "rental" of school buildings constructed under authority plans.

At the present time the state provides reimbursement to school districts for rentals only when school buildings are built under state authority programs. If the law can be amended to provide for state payments of school districts which have constructed new buildings under local authorities, "it will be a God-send to Adams county," County Su-

CO-ED TELLS OF CONDITIONS ON GERMAN FARMS

The poverty of Germany, particularly of the thousands of destitute refugees who stream across the border from the Russian zone, was outlined Thursday evening by Elaine Serfass, Gettysburg college student, in a talk at the annual Senior Extension club banquet held at Redeemer's church in Littlestown.

Telling of how she spent the past summer in Germany as an exchange student living with German families, she said: "The people of Germany, most of them, are very poor. The average farms are about 12 to 15 acres and from that area the farmer gets just about enough to support himself. That poverty is one of the things holding back the youth work in rural Germany, modeled on our 4-H. There simply is not land or animals enough for the youth to have their own projects, such as we have. Every inch of ground and every farm animal is needed to support the farmer's family. In addition thousands of homes were destroyed during the war."

Share With Refugees

"The Germans must share with the refugees who have nothing. In one town, where about 50 percent of the homes were destroyed by bombing, every spare room is taken over to give shelter to refugees who have absolutely nothing."

"You may have wondered about gifts, CARE packages and the like sent to Germany. They are greatly needed and greatly appreciated. Dresses and clothing sent from America are worn by many Germans and all show their appreciation for the clothing and food."

C. P. Lange, State College, Extension club leader, told the group: "We need more organizations like senior extensions, an organization in which the members learn to do things for themselves, instead of looking for someone else to do things for them."

Others Speak Briefly

Assistant County Agent Ira N. Dumire and Miss Mary Jane Mickey, county home economics extension representative, spoke briefly. Vincent Martin outlined the work of the senior extension club during the past year.

Roland Kime, president of the club, was toastmaster and Harold Ecker gave the invocation. Marvin Kime and Edwin Stoner sang solos and Stoner led group singing. Lucille Shoemaker, accordionist, provided special music. The committee for the banquet included Mervin Myers, chairman, Eleanor Spangler, Luther Matthias, June Breighner and Albee Breighner. One hundred attended the affair.

Hiss May Start Term Thursday

New York, March 16 (AP)—A mandate expected to be filed in U. S. District court today will pave the way for Alger Hiss to begin serving his five year prison sentence for perjury next Thursday.

The U. S. Supreme court refused last Monday to review the case of the former high-ranking State department official. He was convicted of lying when he told a grand jury he never gave government secrets to Whittaker Chambers, an admitted ex-Communist courier.

U. S. Attorney Irving H. Saypol said yesterday he would ask that Hiss be sent to prison Thursday. He added that Hiss could move within 60 days for modification of the sentence, but that such action would not delay imprisonment.

CASHTOWN MAN NAMED HEAD OF FISH AND GAME

Bruce Gallagher, Cashtown, was elected president of the Adams County Fish and Game association at a meeting held Thursday evening at the court house.

It was reported that Hartman's dam, near Cashtown, long a favorite spot for fishermen, particularly on the opening day of the season, has washed out during the winter months.

A general appeal was made to all fishermen in the county to join the fish and game association in restoring the dam, a job made particularly difficult by the fact that the dam will apparently have to be completely rebuilt, members of the association declared.

Upward of \$500 has been set aside by the association towards rebuilding the dam, but most of the work on the reconstruction will have to be done by volunteer labor.

Need Many Workers

President Gallagher said that "a great number of men will be needed to do the work, for several reasons, one of the most important of which is the inability to bring a truck in to the dam on Marsh creek. Everything will have to be carried from the road by wheelbarrow."

George R. Martin said "it would be a shame to let the dam disappear. Not only is it needed to help build up fishing in the county, but it also serves a purpose in general conservation by retaining water in the stream."

Those wishing to aid in reconstruction of the dam were asked to contact President Gallagher or to attend the next meeting of the association, to be held April 19 at the court house.

It was also reported that game wardens released 760 pheasants in the county last week to points where the birds would have natural food and protective foliage.

Reimbursements, Restitution To County Assistance Board Total \$19,890.30 During Year

Approximately \$20,000 was returned by Adams county public assistance recipients during the year 1950, Mrs. Verna Myers, executive director reported Thursday night at the regular meeting of the county assistance board at its offices on North Washington street.

Of that amount \$19,323.11 was reimbursement and \$567.19 restitution. The restitution was for sums received illegally by recipients, Mrs. Myers said. The reimbursement was sums returned to the assistance board from persons who were given aid over short periods of time until expected income arrived, such as increases in old age assistance, or workmen's compensation checks. The reimbursement also came from liens on properties of recipients who obtained assistance while living in their own homes, for which liens were placed against the property and at the time of death of the recipient the money was collected from the sale of the property.

Opposed Proposed Bills

The board went on record as opposing pending state legislation which would prevent placing of liens on properties of assistance recipients, and a proposed bill which would make \$1,000 personal property and \$2,500 of real estate exempt from liens or claims by the assistance board. The board also voiced opposition to legislation which would free married children from responsibility in the care of their parents. Under the present law, all children must provide what support they can for their parents.

Mrs. Myers reported that the county received \$2,366 for school medical cases during the biennium, 1947-49. The sums were paid out under a program by which the state will give aid in certain cases when children are shown by school health examinations to need medical care and their parents cannot pay for it.

Decrease In Cases

The number of cases at the present time is 158 less than the case load of March 15, 1950, Mrs. Myers said. The year saw a decrease in 73 of the number of old age assistance cases, a decline of 39 in the number of aid to dependent children cases, a drop of 54 in general assistance cases and an increase of eight in the number of blind pensions. The number of cases today, Mrs. Myers said, is 687 compared to 845 a year ago. The case load today is divided into 380 old age, 99 blind pension, 113 aid to dependent children, 70 general and 25 to disabled persons.

The board set the third Thursday of the month as its regular meeting date in the future. Vice President J. D. Miller presided.

The respective narratives are separated by the choir singing the negro spiritual, "Were You There?"

The cast is as follows: Peter, Allen Stauffer; Judas, Clyde Brown; Caiaphas, William Tipton; Pilate, Donald Swope; Simon of Cyrene, Willis Beidler; the Centurion, Russell Hackman, and John, Donald Scott.

Music will be by members of the church choir; costumes and production by Miss Ruth McIlhenny and Mrs. Oren Wilson, and lighting by John Lott. The public is invited.

Gambler Who Defied Probers Ordered Back For Questioning

New York, March 16 (AP)—Racketeer Frank Costello, who defiantly walked out of the Senate Crime committee hearing yesterday, was ordered to return this afternoon.

The bigtime gambler was told to come back or face arrest.

Sen. Estes Kefauver (D-Tenn.), chairman of the committee, said a U. S. marshal would be sent to inform Costello of the ultimatum.

The new directive came after a physician reported Costello is able to testify.

The gambler, before he stomped out of the hearing room, had claimed he was ill, and unable to continue answering questions.

Dr. Vincent J. Panatieri said he had examined Costello and found him able to appear for a "reasonable" length of time.

It was on the basis of Dr. Panatieri's certificate, stating that Costello was suffering from acute laryngitis, that the gambler yesterday had declared his right to walk out.

On the basis of the doctor's testimony today, Kefauver said, "It appears that Mr. Costello is physically able to answer a certain number of questions for at least a time." He then issued the order for Costello's reappearance at 2 p.m.

Costello's rebellious departure threatened him with arrest on contempt charges.

His voice hoarse with emotion and a throat ailment, Costello breathed defiance in a short verbal fracas with crime committee members yesterday and then announced: "I am going to walk out."

The electrifying departure of Costello, key witness in the crime hearings here, left a possible perjury charge hanging over his head as well as a contempt citation for his walk-out.

Yankees Overwhelm Reds In Roaring Artillery Duel On Korean Front Near 38th Line

Tokyo, March 16 (AP)—American troops overwhelmed desperate Reds in a roaring artillery duel on the Korean war front today and then crashed ahead for new gains.

The Reds threw their heaviest artillery fire of the war.

Americans answered with a barrage that out-thundered the Reds 50 shells to one.

The drive carried an American division onto high ground north of Hongcheon, an important road hub 20 miles south of Parallel 38.

Earlier Friday the Reds abruptly halted their eight-day retreat on the central front. They turned on the Allies with their heaviest artillery barrage yet.

Then came the roaring American echo.

Use Rockets, Firebombs

United Nations warplanes joined in the blasting with rockets, firebombs and machine guns.

The Allied answer to the Communist stand boomed throughout most of Friday.

Front dispatches did not identify the U. S. troops in the action. Nor did they give the distance of the American advance.

But they said that Chinese Communists had thrown reserves into the fight north of Hongcheon. Elements of the 39th and 40th Chinese Communist Armies (Corps) were identified in action there. The units last were reported farther east in February.

Rev. C. E. Held, fund drive chairman and vice president of the county group, said "\$3,000 is a small sum compared to the tremendous value that can be obtained for it. We can do our share in helping research, that has already paid dividends in prolonging life, by donating to the heart fund."

The 45-member board of the business organization adopted a resolution saying: "Facts disclosed by the Fulbright subcommittee have created uncertainty and distrust concerning the RFC procedure. Engaged as we are in a national mobilization effort, we can not afford to have the integrity or general moral level of the government or any of its agencies subject to question."

New York, March 16 (AP) — The defense in the nation's first atom spy trial today declined to cross-examine confessed spy Harry Gold and he was excused from the witness stand in federal court.

Paris, March 16 (AP) — Traffic was snarled hopelessly at some Paris intersections this morning as the city tried to carry on its business without bus or subway services. Striking transportation workers seeking wage increases paralyzed the city's surface and underground lines. First reports said the tie-up was complete. Only a few scattered subway trains were running by mid-morning.

Washington, March 16 (AP) — Secretary of State Acheson said today he hopes Russia will renew talks on a Japanese peace treaty and join in concluding one before the end of the year. TRAIN WRECK IN ENGLAND KILLS 10

The spokesman said nine coaches of the Doncaster-to-London express ran off the rails just south of the Doncaster station, 150 miles north of London, in Yorkshire. Ambulances were rushed to the scene.

The wrecked train was made up at Doncaster with two London-bound trains, from York and Hull. The spokesman said the train consisted of the locomotive and 13 coaches. Of these the locomotive, the first two coaches and the last two coaches stayed on the tracks. First reports said the third coach—first to leave the rails—smashed into the stone pier of a bridge.

GIVES ADVICE ABOUT CHILDREN WHO WON'T EAT

Los Angeles, March 16 (AP) — What do you do about the child who won't eat?

The best thing is to let him alone, says a leading pediatrician, Dr. Milo B. Brooks. He believes there are certain personal liberties — eating, breathing, sleeping — which shouldn't be regimented.

"Interfering with such natural functions in a normal child is an invasion of privacy," he told a news conference Wednesday. "I've known mothers who tried to regulate the rate of breathing in their children because they read somewhere that a child should take one deep breath in every six."

Blames Mothers
Dr. Brooks is head of the pediatric department at the College of Medical Evangelists here. He is directing short courses in that subject at the college's medical convention now in session.

"The child who won't eat," said Dr. Brooks, "is one of our biggest problems. I would say it is almost entirely the result of the mother's attempt to force food upon children."

Normal children, he said, "come with built-in appetites." They eat when they are hungry. A child can skip eating for several days without harm, in his opinion.

"The truth is that no child should have all he wants to eat. Children — and adults too — should eat 10 per cent less than they feel they want, except in rare pathological instances."

Don't Mix Toys And Food
"That old admonition, 'clean up your plate,' has been misinterpreted. What it really meant originally was that you shouldn't put too much on your plate in the first place. I don't think it's generally realized that 40 per cent of the energy gained from food is used up in the processes of digestion and assimilation."

A snack after school is all right, but Brooks doesn't approve of indiscriminate between-meals piecing, and he discourages food as a plaything.

"Children should have food to eat and toys to play with. The two shouldn't be mixed," he said.

5 ENROLL FOR FIRE POLICE

The roster of fire police of the Gettysburg fire company was raised to 16 today with the appointment of five new members who volunteered for this duty following a call for volunteers made at Wednesday night's meeting of the fire company by Burgess William G. Weaver, fire company president.

The burgess also authorized the use of special helmets to identify the fire police, whose duties will be to direct traffic when the fire apparatus is called out, both in Gettysburg and at rural fires.

A meeting of the fire police will be held next week, at which Sgt. Joseph E. Temple, officer in charge of the Gettysburg detail of the Pennsylvania state police, will instruct the fire police on their duties.

Kills Daughters And Self With Car Fumes

Greenwich, Conn., March 16 (AP) — Mrs. Winifred Rockefeller Emeny, a grand-niece of the late John D. Rockefeller, and two of her daughters were found dead last night in the garage of their home here.

Police said the socialite wife of Brooks Emeny, president of the Foreign Policy Association, locked herself and her daughters, Winifred, 12, and Josephine, six, in the garage and after starting the motor of one of the three cars in the building placed the two girls in the rear seat of another car. Her body was found lying on the garage floor between the two cars.

Greenwich Police Captain David W. Robbins said that the triple tragedy was undoubtedly murder and suicide. Dr. C. Stanley Knapp said death of all three was due to carbon monoxide poisoning but withheld further comment.

Mrs. Emeny was the daughter of Percy A. Rockefeller. She married Emeny in December of 1928. An older daughter, Faith, is with her father who is on a lecture tour in the midwest.

Farm Officials Doubtful On Eggs

Washington, March 16 (AP) — Government farm officials wondered today if their efforts to get farmers to produce fewer eggs haven't been too successful.

This speculation was prompted by the fact that consumer egg prices are averaging more than a third higher than a year ago. Normally they dip rather sharply during this season of the year, giving the housewife a bargain buy.

A year ago Secretary of Agriculture Brannan started a campaign to reduce the volume of egg production. He lowered the level at which his agency supported producer egg prices from a national average of 45 cents a dozen to 35 cents.

In doing this Brannan said he was moved by a desire to cut down on government buying of surplus eggs.

Postpone Decision On Draft Changes

Washington, March 16 (AP) — House leaders have decided to postpone until after Easter what promises to be a tumultuous debate on a bill to reduce the minimum draft age to 18 and establish a future universal military training program.

After a four-day wrangle behind closed doors, the House Armed Services committee approved the bill late yesterday, 32 to 3.

Rep. Vinson (D-Ga.), the committee chairman, goes before the rules committee today to ask for floor clearance. He proposed three days of general debate, starting on April 3.

Before it voted approval of the measure, Vinson's committee wrote in a provision to give prospective inductees the opportunity to say in writing whether they wish to serve in units segregated by races. The armed forces would be required to honor such requests if military necessity permits.

FAVOR TROJANS TO NIP WILSON FIVE TONIGHT

Harrisburg, March 16 (AP)—Class A regional eliminations get underway tonight as 13 lucky schoolboy teams head into the stretch drive for the PIAA state basketball title.

Clearfield of District 9 meets Sharpville of District 10 tonight at Gannon college in Erie in the first 151 inter-district battle. Two more preliminary regionals are carded for tomorrow night with the fourth and last of the round on Monday night's schedule.

Clearfield, with a 17-4 record, will be making its first appearance in the history of the regional competition while Sharpville represented its district just two years ago. The game is expected to be close all the way as the Sharpville Blue Devils, despite their 15-11 season record, have come fast and won their last eight games. Both teams eliminated their defending district champions. Clearfield stopped Bradford, 46-40, and then took Punksutawney, 47-45, while Sharpville knocked out Hickory, 43-44, and Meadville, 40-39.

Swoyersville's Sailors won the District 2 title for the second straight year last night as the Class B team that competes in Class A playoffs, turned back Nanticoke, 37-32. The Sailors will meet Bloomsburg's Panthers, District 4 champions, Monday night at Bucknell gym in Lewisburg in the final eastern preliminary regional.

Meanwhile, the final two Class A district races will be concluded tonight as once-beaten Chambersburg meets surprising Wilson high of West Lawn at Hershey for the District 3 title and Johnstown battles Lewistown at Altoona in District 6.

Have Best Record
Chambersburg's Trojans, with the best record in the eliminations—23 victories in 24 games — and the highest-scoring team in their history, are favored to end the valiant bid for the Class A title being made by the Class B Wilson Presidents. Wilson was beaten only three times this season and moved into the finals by nipping Lebanon, 46-46, Tuesday night.

Johnstown's Trojans and Lewistown's Trojans stack up fairly even. The Trojans won the Tri-County league and then defeated Franklin Boro, 42-30, in the district semifinal. Lewistown won the Mountain league title and drew a bye to the district finals.

Two preliminary inter-district contests wind up the Class A schedule for the week tomorrow night. Allentown's revitalized Canaries, fresh from their 103-55 record scoring spree against St. Clair, meet Radnor's pressing Raiders at Penn Palestra in Philadelphia. Farrell's newly-crowned WPIAL champions meet Somerset's Eagles in Pitt pavilion in Pittsburgh.

Tonight's card also features three regional games in Class B and two district title contests in the same division.

Kutztown's Cougars, defending Class B state champions from District 3, are favored over Darby (1) at Reading while Troy (4) is rated a slight edge over Clarks Summit (12) at Keystone college in LaPlume in the eastern regionals. Unbeaten Cresson (6) is a strong favorite over Forbes (5) in the west's only regional tilt of the night.

The final two Class B district champions will be crowned as Irwin, last year's western winner, defends its title against Avalon at Pitt pavilion in District 7. Ashland battles Hellertown at Allentown for District 11 honors.

COLLEGE CLINIC HERE SATURDAY; TATUM TO SPEAK

Upwards of 200 high school and preparatory school football coaches are expected to attend the 12th annual Gettysburg college football clinic to be held Saturday in the Eddie Plank Memorial gymnasium.

James M. Tatum, head football coach of the University of Maryland, will conduct the clinic.

The morning session will be from 10 a.m. to noon and the afternoon period from 2 to 5 p.m.

Tatum, an exponent of the split-T offense and regarded as one of the outstanding defensive coaches, will discuss thoroughly all phases in regard to that particular style of play. He will also show films of several of Maryland's outstanding games of last fall.

Both sessions will also be open to any interested persons. There is no registration fee.

Nine manufacturers of sporting goods will have displays at the clinic. A luncheon for all visiting coaches will be given by Dr. Henry W. A. Hanson, college president, at Huber hall at 12:30.

London, March 16 (AP)—A Protestant group campaigned today to prevent Princess Elizabeth visiting Pope Pius XII when she goes to Rome next month. A similar campaign by the same group—the National Union of Protestants, numbering some 20,000 members—did not deter Princess Margaret from calling on the Pontiff when she went to Rome in 1949.

Basketball Crowds Show Sharp Drop

New York, March 16 (AP)—Blame it on television, the international situation, or repercussions from the "fixed" games scandals, but attendance at college basketball games showed a decline today for the season just ended as compared with a year ago.

The sock in the basketball pocket-book was felt especially in the big city arenas, where the crowds just didn't rush the gates as in years gone past.

Attendance at the Boston Garden doubleheaders fell off 36 per cent this season, for instance. The Cleveland Arena figure was down 41.1 per cent, and New York's Madison Square Garden off 24.8 per cent over the 1949-50 season.

All this was disclosed in a cross-section survey of attendance figures submitted by various schools and the eight big-city sports arenas where the popular doubleheader programs are held. All figures are based on home games only.

REJECT MULBRY RESIGNATION

Sarasota, Fla., March 16 (AP)—Walter Mulbry is in line to take over the duties of baseball commissioner temporarily if and when Happy Chandler resigns.

The four-man executive council quietly set up that move Monday night at Miami Beach when it refused to accept the resignation of Mulbry as secretary-treasurer of baseball, a \$30,000-a-year job.

"The executive committee is backing Mulbry to the limit to carry on until the commissioner resigns," said Will Harridge, American league president, yesterday. "Then we will set up the machinery for him to act in the commissioner's capacity until a new one is elected. He probably would have complete charge of all player disputes."

Harridge spoke as a member of the council which met secretly some four hours after Chandler was refused a new term by the club owners. Other members are Ford Frick, National league president; Warren Giles, president of the Cincinnati Reds, and Tom Yawkey, president of the Boston Red Sox.

The Mulbry-Chandler situation broke into the open yesterday after weeks of "off the record" treatment of the break between the commissioner and his old sidekick of the political wars. No reasons for the break were given. Chandler sought to fire Mulbry before he left office. Under the major league agreement, however, he does not have the power.

Cosgrove broke three tournament scoring records. He set a new high total for one game of 40 points, a new high single game total of field goals with 16, and a record of 30 goals in two games.

Pete Caruso's outfit got off into the lead and was never seriously threatened. Cosgrove was ably supported in the attack by Gene Janis who tabbed 21 points.

Cosgrove drew a minute-long ovation from the 2,000 fans when he left the game with 58 seconds remaining.

Tonight the Mountaineers tangled with Seattle university at 7:45 in a semi-final game.

Seek To Deport Briber Sollazzo

New York, March 16 (AP)—The Justice Department has moved to deport Salvatore Sollazzo, the ex-convict accused as the master briber in the college basketball scandal here. But the Manhattan district attorney hopes to convict him of bribery and make him serve a sentence before any deportation.

A warrant of arrest was served on Sollazzo in his jail cell yesterday in proceedings for deportation to his native Italy.

Grounds for a deportation order, the Justice Department said, include past convictions for crimes involving moral turpitude, entrance into this country without a visa, and misrepresentation of himself as an American citizen to immigration authorities.

After the warrant was served on the 47-year-old Sollazzo, a spokesman for District Attorney Frank S. Hogan expressed hope that the deportation proceedings would be held in abeyance until after his trial in a state court and possible sentence.

New York, March 16 (AP)—It's Brigham Young's polished pose against the never-say-die grit of little Dayton tomorrow night in the finals of the National Invitation basketball tournament.

Brigham Young, classy champion, of the Skyline Six, is the favorite, but don't try to sell that merchandise to the lads from Ohio. These eager beavers, dark-horses at every hole, don't convince easily.

YORK SPRINGS TURNS IN FINE CAGE RECORDS

York Springs high school's boys' basketball team tallied 1,280 points to average 49.4 points per game during the past season, according to statistics recently released. The opponents averaged 38.7 points on 1,005 tallies.

The team, coached for the first time by Glenn "Pete" Kemper and John Hubley, assistant, won 18 games while losing eight. York Springs finished in a three-way tie for first place in the Adams County league with a 9-3 record.

Of the eight games lost, two were by one point, two by two points and one by three.

Charley Wiehard, who led the Adams County league scorers, also topped the team in scoring with 380 points.

Other scoring follows: Glenn Guise, 243; Mac Lott, 217; Stan Reinecker, 190; Ken Kemper, 96; Atlas Keefe, 68; Earl Guise, 50; Jack McCaustun, 24; Don Harbold, 9, and Dale Guise, 7.

Only Lott, a junior, will remain for next year, all of the others being listed for graduation this year.

The junior varsity won six while losing eight. The junior high team, first of its kind for York Springs, won two while dropping five.

The York Springs girls, coached by Mrs. Helen Cromer, won the County league championship with an unbeaten record of 12-0.

Manager Eddie Sawyer would just as soon forget the defeat handed his Philadelphia Phillies by the new York Giants yesterday.

But when the Phillies' B team triumph over Cincinnati's "B" squad is mentioned he's all smiles.

Big John Walz looked like he'll make the grade as he pitched shut-out ball the last four innings in the "B" team's 6-2 victory. And veteran Jimmy Bloodworth had a double, triple and a home run in four times at bat.

Jim Konstanty, however, was a disappointment against the Giants as rookie Art Wilson tagged him for a game winning double in the ninth.

Sports Roundup

By HUGH FULLERTON, JR.
New York, March 16 (AP)—Harry Markson, putting in a plug for Joey Maxim, argues that any boxer who can qualify as a heavyweight title contender ought to get a shot at it. . . . The question may be what does he mean by "quality"?

From where we sit, it appears there isn't anyone who could have qualified when there were several good heavyweights around, and the managers of likely prospects seem more intent on maneuvering them into one profitable payday than in developing them as contenders. . . . The thousands of brand new television fans may have different ideas. They seem to get excited about the young crop, which provides more action than science, or sentimental about old Jersey Joe. . . . After turning in a good round of golf at the Seminole tournament, Ben Hogan remarked: "I never know just why I hit a ball well. I just know when I am doing it." . . . That's where Ben has the advantage over ordinary golfers, who don't know either.

Mr. Inside (Philadelphia version) says Penn isn't kidding about going big time in football. When Dartmouth and Columbia dropped off the schedule, Penn had its choice between scheduling weak sisters or toughies and chose the latter. Result is the 1953 schedule will include Ohio State, Michigan, Notre Dame, Army, Navy, Cornell, California, Penn State and either Duke or North Carolina. . . . When 99 men—nine full teams—turned out for the first week of spring football at Maryland, Coach Jim Tatum commented: "It's all even. You don't have one or two men standing around." . . . Luke Sewell, the Reds' manager, is high on Ted Tappe, first baseman from the U. of Washington, because he's one left-handed hitter who isn't bothered by southpaw pitchers.

Today's Talk

By GEORGE MATTHEW ADAMS

FOR THEIR LOVE

No one can read the books of the great naturalists, such as Hudson, Fabre, Muir, Borroughs, Jefferies, and scores of others, without catching the enthusiasm that forever spurred them on, made them devote their lives to the study of God's beautiful earth and its outdoor inhabitants.

It is for the love of these men, and the love that they had, which endears us to them, and makes us go to their books time and again, for the pure pleasure and inspiration gained. Literature could not live without this love for those who created it. We who enjoy fine expression in words can admire style, but if the love for the one who created this style is absent, we are only half fed! In the 32nd Sonnet that Shakespeare wrote, the last line, you will read this: "Theirs for their style I'll read, his for his love."

A favorite book of mine—now, unfortunately long out of print—is entitled "For their Love of Books," by Paul Jordan Smith. It stimulated me to the reading of many a great book about which I had never heard. I owe many a treasure to the reading of this book by a man who loved books, and who in turn so many love today for having enriched them in mind and spirit.

I recall a science teacher in college who was so enthused and alive to the beauty of things he explained in class that everyone of us loved him in turn. How full of boyish joy were his words and the sparkle of his eyes, as he would exclaim: "Students, isn't it wonderful!" Half of the wonder, however, was in the way he expressed it.

I am reminded of another teacher whom the late John Finley mentioned in his wonderful little book "The Mystery of the Mind's Desire," where he tells of a Princeton University chemistry teacher who used to take off his hat as he was about to perform an experiment, with the remark: "I am about to ask God a question!" And Dr. Finley's remark—"a mystery which makes ill-smelling chemical laboratories as sweet as cathedrals filled with incense."

Tomorrow Mr. Adams will talk on the subject: "Wounded Minds." Protected, 1951, by The George Matthew Adams Service

SNOWDROPS
How brave the snowdrops frail must be
To herald first approaching spring,
Foretelling to us all that we
Shall soon see prouder blossoming.

No power that winter has it fears,
Nor biting wind nor bitter cold.
Through soil still frozen it appears,
That those who grieve may be consoled.

Tulip and hyacinth wait the sun.
The roses until June delay;
But snowdrops, long ere winter's done,
Trumpet that spring is on the way.

PLAN SHRINE TO SAINT PATRICK

St. Patrick, Mo., March 16 (P)—An American shrine to Saint Patrick is well on the way to reality in this hamlet of 53 persons.

It is the goal of this little bit of Eire in northeast Missouri, the only city or town bearing the name of the saint in the United States, and may be the whole world.

Interest in the idea always heightens around March 17 when the community prepares for the annual St. Patrick's Day rush.

Since there is only one St. Patrick, it brings a flood of mail from cover collectors who want that coveted March 17 postmark.

That puts a load on Mrs. R. C. Logsdon, the postmaster. She figures that by midnight Saturday she and her volunteer helpers will have cancelled—by hand—some 70,000 letters.

But above the excitement is the calm confidence of Father Francis O'Duignan that some day, not too far away either, he'll have the only U. S. shrine to the patron saint of his forefathers.

He thinks \$250,000 will be enough to build the memorial he wants. "We hope to have a church with a round tower, patterned after the early Irish churches," he said.

Only 12 letters comprise the Hawaiian alphabet.

School Activities

Last Friday Ensign Richard Bateman, U.S.N., gave an interesting talk to the boys of St. Joseph's high school about the advantages of joining the armed service. He reminded them that an education was a main factor to be considered before enlisting.

On Tuesday evening the Union Bridge basketball team and St. Joe's boys met on the floor of the new gym at Mount St. Mary's. The score was 45-34 with St. Joe's as winners. Following this game the American Legion team and Camp Detrick battled it out with a score of 58-38 with the American Legion victorious. The proceeds from both these games went to the Community Fund.

The freshman class held an old-fashioned costume show on Monday afternoon in the school auditorium. The admission of 5c for students and 10c for judges was given to the Missions. Those participating were: Marie Keepers, Dolores Scilla, Agnes Haley, Angela Rocks, Dorothy Topper, Agnes Wormley, Margaret Portner, Geraldine White and Mary Althoff. The winner of the show was Angela Rocks who displayed a Charleston costume. Second and third place went to Dolores Scilla and Margaret Portner. Costumes ranged from the year 1897 to 1936.

On Monday morning the English students presented a variety program. The program consisted of "Facts on Mother Seton's Life," by Joan Eckert; "Whistle," Margaret Rocks; choral speech, "Jeremy," by the freshman class; "Edwin and Angelina," David White, and "This is America," by George Arnold. Hugh Rocks was master of ceremonies. This same program was presented at the PTA meeting held Tuesday evening.

Philadelphia, March 16 (P)—John Foster Dulles says Russia long has pursued an "anti-peace policy" in Asia, culminating in warfare, disorder and unrest from Korea to Pakistan.

This Soviet strategy, in the words of the ambassador-at-large and consultant to the Secretary of State, was drawn up more than 25 years ago.

Says Administration "Morally Bankrupt"

Washington, March 16 (P)—Senator Taft (R-Ohio) asserted today the Truman administration is "morally bankrupt" and has "lost the confidence of the people."

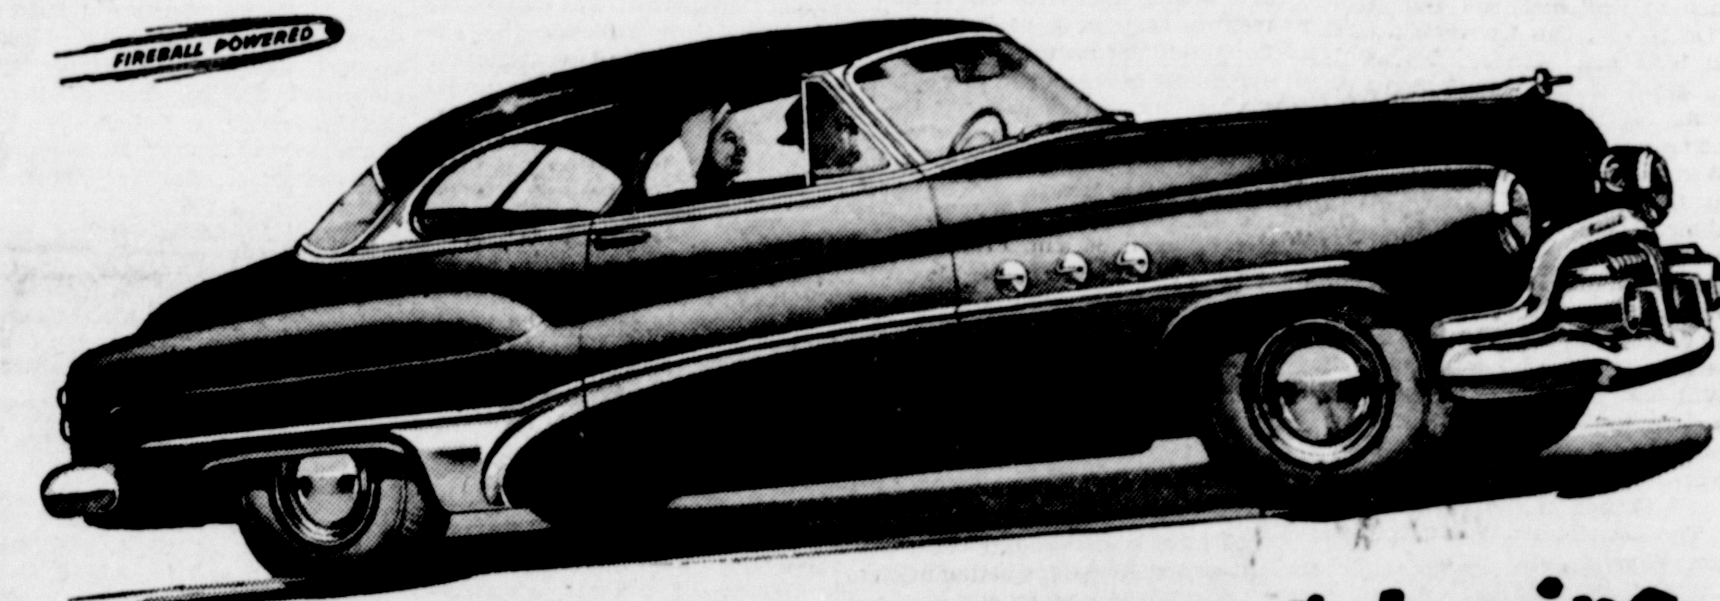

Taft's charge, made in an interview as he launched a southern speaking tour, was in answer to President Truman's news conference declaration at Key West, Fla., yesterday that his administration is made up of entirely honorable men. At the same time, Rep. Keating (R-N.Y.) called on the Senate Armed Service committee to inquire into Mr. Truman's nomination of Brig. Gen. Wallace H. Graham, his personal physician, to be a major general.

A Republican member of the committee who asked not to be named told a reporter he will see to it that the group looks fully into Graham's qualifications.

JESUS FACES DEATH
Mark 14: 22-26, 32-36
Memory Selection: Not what I will, but what thou wilt. Mark 14: 26.
One of the great experiences in the ending of human life, which we call death. As we think of that event many things come to mind. How face that event which is one of the certainties before us? What of the future for us personally? What of the interests which engaged us in this life? Our lesson does not lead us into all the questions that present themselves. But a study of how Jesus faced the momentous event should help us in our own preparation.

An Hour of Fellowship
Jesus knew the cross was waiting

for Him. He never entertained the thought of evading it. So He went with His disciples to celebrate an ancient festival—the Passover feast. By so doing He kept faith with the past. But He also had in mind the future. He gave new meaning to the Passover. To this day it is known and observed in most Christian churches as the Lord's Supper. We believe He expected this to be done, and as symbols used the simple elements of bread and wine. By the use of these He hoped His love and sacrifice for mankind would be remembered — "This do in remembrance of me." To some the Lord's Supper is a symbol of loving fellowship with Christ and with one another. To others it is, in addition, a realization of the presence of Christ. Partaking of the supper, or Holy Communion, is solemn spiritual exercise, preceded by confession of sins and repentance. Jesus thought of the long future and intended that the observance of this Sacrament should assure repentant followers of the forgiveness of their sins, and strengthen the bond of fellowship with Him and with each other. Any one who has seen the Pilgrimage Play in the out-door theatre in Hollywood, especially provided for the presentation of our Lord's life, will remember the Lord's Supper. The solemnity of it, including the hymn, is impressive. So are the acts preceding and following.

Into The Night
After the Supper came the dark hours. Our Lord led his little band of followers out into a favored retreat, the Garden of Gethsemane. It belonged to a friend and Jesus sometimes walked there among the grass, flowers and olive trees when He wished to be alone and pray. That night He entered the garden and, requesting the others with Him to wait, took Peter, James and John and went farther in among the trees and rocks. His companions noted that their Master's face looked more troubled than they had ever seen it and as they observed

CORONATION

Regal processions have moved down the avenues of time. Kings have bowed their heads to receive the crown of the realm.

But never rode a king as this King rode . . . meek and sitting upon an ass, and a colt the foal of an ass.

Nor ever wore a king the crown this King wore . . . surely He hath borne our griefs and carried our sorrows.

On one day men lined His path with palm branches, and spread their garments in the way. On another, they pierced His limbs with nails, and cast lots for His robe.

But today men see Him through eyes He opened, and worship Him with hearts He won.

Never lived a king as this King lives! Nor ever lived a people more blessed than those whose lives He rules!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

this He turned to them and said, "Tarry ye here and watch with Me." Then having gone forward a little He fell on the ground and prayed in agony.

After awhile He returned and, finding the three asleep, said to Peter, "Sleepest thou? Couldst thou not watch one hour?" A second and third time the Master went and prayed alone. This was a night of great trial and suffering for our Lord and his sorrow was all the greater because even his friends failed him; one of them betrayed him; another denied that he ever knew him.

Jesus faced death with the calm assurance that he would be sustained, even in the darkest hours, by the Father. In that faith He prayed. The human nature which was still a part of His life asserted itself and for one moment He prayed the Father to "Take away this cup from me"; but added in complete surrender, "Nevertheless not what I will, but what thou wilt." The Son of God was submissive to the Father, for it was the Father who planned the way of salvation for an erring people. Jesus came to carry out that will in perfect obedience, knowing well that this could only be done by way of the cross. Each restudy of this portion of Scripture should lead us to say—

In the Cross of Christ I glory
Towering o'er the wrecks of time;
All the light of sacred story
Gathers round its head sublime.

ATLANTIC PACT LINES MAY BE EXTENDED SOON

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

We are likely to see a great broadening of the North Atlantic defensive system, to include vital Mediterranean areas, in the near future.

General Eisenhower told the Senate Foreign Relations committee, just before going abroad to assume his North Atlantic command, that from a strictly military viewpoint he would like to see Spain, Turkey, Greece and Yugoslavia brought into the setup. His point was that if these countries were backed by strong American air and sea forces, the Atlantic Pact countries would have "a really strong flank instead of a weak one."

Well, of course that's easier said than achieved. There are some mighty tough political problems involved in this proposal. However, General Ike stuck to his role as soldier and declined to pass on the political angles.

Fear Extended Lines

In any event, I understand the western powers are working on plans which are calculated to secure the control desired without complicating the North Atlantic alliance.

The Greeks and Turks have wanted to be made members of this alliance. However, the Allies don't want to stretch it that far and so are developing the project along less complicated lines.

The pivotal point is that both the Turks and the Greeks want an absolute guarantee that America will fight in their defense if they are attacked. This is in process of being ironed out now.

A quick glance at a map of the Mediterranean theatre will show why its control is essential for the western powers in their defense of Europe.

The Mediterranean not only is the western Allied life-line to the Far East via the Suez canal, but it washes the shores of countries vital to the western system of defense.

Scattered about the Mediterranean are Allied air bases, and the immensely rich Iranian and Arabian oil fields.

Control of the Mediterranean also means control of the Dardanelles which lead to the Russian dominated Black sea.

Eisenhower's inclusion of Spain as desirable for the Atlantic set-up is interesting in view of the widespread opposition to the Franco government. The general was, as he took trouble to point out, speaking as a soldier and not from any political angle. And from the military standpoint Spain would be an invaluable asset to the alliance because of her dominating position at the entrance to the Mediterranean.

"ROYAL" CRACKUP

London, March 16 (AP) — It sounded like a royal collision. A bicycle ridden by Louis King and a bus driven by James Victor King collided. The name of the traffic policeman who saw the accident? Albert King.

At least ten countries use the eagle as the symbol of supremacy. Maryland has the only state flag bearing a coat of arms.

Horace Mann is the father of the American public school system.

Federal Reserve Chairman Resigns

Philadelphia, March 16 (AP) — Thomas B. McCabe has resigned as chairman of the Federal Reserve Board, the Evening Bulletin said Thursday.

The newspaper reported McCabe's resignation "is in President Truman's office awaiting action." McCabe to return to private life in his old post as president of Scott Paper company at Chester, the Bulletin said. JUST LIKE AN EASTER EGG

Remember when you were a kid and took such delight in dyeing the Easter eggs — how you carefully selected the dye, tried hard to get it on smooth and pretty, and then polished the finished egg with a greasy cloth?

Well, we're the same way about auto paint jobs. We're mighty careful about selecting just the right paint and the right color. We take pains to put the paint on right so it stays put and is smooth. Finally, we carefully polish the finish to a high lustre.

THREE KILLED, 30 HURT WHEN TRAIN DERAILS

Detroit, March 16 (AP)—Two women and the infant child of one were killed in a train wreck west of here Wednesday and more than 30 persons were injured.

Five cars of a Cincinnati-bound New York Central passenger train left the rails in suburban Trenton as the train felt its way through fog and snow.

The victims included a Michigan State college student's wife and child.

Crushed to death in one overturned coach were Mrs. Grace Allen, 25, East Lansing, Mich., and her year-old baby, Janet.

The young husband, R. S. Allen, was injured.

Two Cars Upset
Rescuers and wreckers worked for hours in the fantastic glare of searchlights playing over upset and tilted cars.

Two cars lay on their sides. Three others, including a baggage car, were off the rails. The jumble was in the shape of a huge "U."

A fleet of ambulances, including some from the nearby Grosse Ile naval station on the Detroit river, raced with the injured to a hospital in neighboring Wyandotte.

Crews of rescuers worked in the mud and muck left from two days of rain, sleet and snow.

The train, which left Detroit at 11:30 p.m., was to have hooked two of its cars onto the NYC's Florida Responder, Royal Palm, at Cincinnati this morning.

A light snow was falling as it reached Trenton, a sleepy little steel town 17 miles west of Detroit.

Hit Split Rail
State police said the train apparently hit a split rail or open switch in the heart of the town.

The bodies of Mrs. Allen and her baby were removed from the crumpled seat of one of the coaches. State Police Commissioner Donald S. Leonard, in command of troops at the scene, said their deaths were a "pathetic sight."

Others told of the husband frantically calling "Grace, Grace, where are you?" and "My wife, my baby, they're under there."

A carload of enlisted Marines headed for induction were unhurt. Their car remained upright. All clambered out on the snowy right-of-way and assisted rescuers.

DRIVER OF MONTH
Harrisburg, March 16 (AP)—The Pennsylvania Motor Truck association Thursday named 38-year-old George W. Backenstoes of Palmyra R. 1, "driver of the month."

Backenstoes, employed by the Hershey Chocolate corporation, has driven 600,000 miles without an accident, the association said.

Approximately 65 per cent of the country's telephones are now dial operated out of an overall total of 40,000,000.

C. Lukens Huston, Steelman, Expires

Coatesville, Pa., March 16 (AP)—Funeral services will be held Saturday for Charles Lukens Huston, pioneer in the steel industry and first vice president of the Lukens Steel company of this city.

Huston, who celebrated 75 years with the company last July 8, died Wednesday at his home here. He was 94.

He started with the company shortly after his graduation from Haverford college in 1875. Seven years later he took over management of all the company's plants and continued in sole charge of operations until 1925.

In 1897 he was named vice president and also works manager from 1917 to 1925. One son, Charles Lukens Huston, Jr., is president of the company and another, Stewart, is secretary.

Other survivors include his widow and a daughter, Ruth, missionary in the Kentucky mountains.

Frankfurt, Germany, March 16 (AP)—German scientists today reported an earthquake which shook part of Europe Wednesday was centered in the Eifel mountains of British-occupied Rhineland. They said the shock was the most severe in several years.

Officials at the Stuttgart and Goettingen observatories agreed on the epicenter and said the disturbance, felt in Germany, Holland and Belgium could "absolutely have not been the result of an explosion."

There had been some earlier speculation that the quake had been caused by an atomic explosion in East Germany.

Damage was principally in the Rhineland, and a few persons were injured by falling bricks. The town of Mechenich, near the quake's center, suffered damage to buildings estimated at 1,500,000 Deutsche marks (about \$300,000).

CHARGE PROF WITH PERJURY

New York, March 16 (AP)—A jet propulsion scientist was accused of perjury Thursday in connection with the atom bomb spy case on trial in federal court.

The expert, William Perl, 32-year-old Columbia university physics instructor, was called into court to face a federal indictment.

The government charged he lied when he told a grand jury that he was not acquainted with two of the spy trial defendants and other persons connected with the case.

Perl was described by a spokesman at the office of U.S. Attorney Irving Saypol as "one of the two top scientists in the field of aerodynamics."

FBI agents arrested Perl at his home here Wednesday on an indictment returned Tuesday by a federal grand jury which has been investigating atomic espionage.

The indictment was connected with the case of three persons accused of wartime conspiracy to spy for Russia.

The defendants, who could be sentenced to death if convicted, are: Julius Rosenberg, 32, electrical engineer; his wife, Ethel, 35; and Morton Sobell, 33, radar expert.

Perl was indicted on four counts of perjury.

Folks Must Feel Good To Do Job

To do a good day's work you must feel your best. James Keelan, Jr., 5565 Labadie Ave., St. Louis, Mo., is a machine operator.

This is hard and exacting work and a man has to be on his toes to get the job done. There was a time when Mr. Keelan did not feel up to his work — was troubled with disturbances. But Mr. Keelan heard about how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron.

Mr. Keelan says: "In recent years, I had been troubled with heartburn and indigestion. But, since taking HADACOL, I no longer suffer heartburn. Now, I can eat anything without ever suffering after-meal distress. I have recommended HADACOL to a number of my fellow workers." HADACOL can help you if you suffer such deficiencies. Washington, March 16—The Civil Defense administration wants to head off public panic over fear of germ warfare attack, real or rumored.

It started circulating Thursday a pamphlet on "What you should know about biological warfare." The booklet is a companion piece to the previously published official pamphlet "Survival Under Atomic Attack."

Like the a-bomb guide, it is intended to bring the weapon into proper focus, to show it is not a universal killer although, like the atomic bomb, intended for mass destruction.

President Buchanan and Queen Victoria of England exchanged first messages in 1858 to open the trans-Atlantic cable.

RFC BORROWERS ARE FRIGHTENED BY U. S. PROBE

Washington, March 16 (AP) — The Reconstruction Finance Corporation (RFC), denounced in Congress and subject of a grand jury investigation, reported today borrowers now fear to approach it for loans.

"The RFC is like a morgue," said C. Edward Rowe, a member of the huge government lending agency's board of directors. He told a reporter business men are evidently afraid to apply to RFC for loans lest, somehow, they find their names in headlines.

He spoke amid growing charges in both Houses of Congress that the RFC has fallen prey to an influence ring with White House roots, and that it should be abolished.

Reopen Public Hearings
Rowe himself is one of those under fire. A Senate banking subcommittee headed by Senator Fulbright (D-Ark.) announced it would reopen public hearings, probably Monday, to hear his testimony and that of

next fall. A donation of \$2.50 was voted to the Red Cross drive. The group unanimously opposed Bill No. H R 306, to have all those who have fire arms in their possession, have them registered.

Karl P. Bankert and Robert J. Stonesifer were appointed by President Phreaner to attend the meeting at York Springs on Monday, April 2, to set up a schedule for the Adams county associations to hold shooting matches in the future without conflicting with each other. The local association will sponsor a shooting match on Friday evening, March 30, at the fish and game farm. Those comprising the arrangement committee for this match are Karl P. Bankert, chairman, Charles W. Weikert, Bernard Dillman, Robert J. Stonesifer and Millard Doyle.

The April meeting of the association will be held in connection with the annual spring banquet on Wednesday, April 11. The following were appointed to serve as a committee to secure a place for the affair: Roy Renner, chairman, Harry O. Harner, Millard Doyle and Ray T. Harner. William R. Renner and Charles W. Snyder comprised the social committee for the March meeting.

Xavier Cugat Gets Challenge To Duel

Call, Colombia, March 16 (AP) — Xavier Cugat, Romeo of the rhumba circuit, has been challenged to a duel by an irate Colombian journalist.

The newsmen, Hernan Mateus Becerra of the Bogota newspaper El Tiempo, declared his honor has been impugned because Cugat denied a story he wrote declaring the band leader and his current heart theme, singer Abbe Lane, were off the beat.

The dispatch also gave details about the divorce suit which Cugat's present wife has brought against him.

Cugat, ruffled by the story, wired El Tiempo that Becerra had disgraced the newspaper profession. He added that he and Abbe were still in close harmony.

The journalist promptly telegraphed Cugat that the denial was "an aggravation that requires satisfaction on the field of honor" and would the band leader please name his seconds.

There has been no response from Cugat yet, nor has anything been said about what weapons would be used.

One of the country's first police radio stations began operation in New York in 1916, used to communicate with harbor patrol boats.

Look what the Smart Money's buying

Now that the 1951 offerings of the motorcar industry have had a chance to strut their stuff, we ask you—can there be any doubt which is the really smart buy?

If you want a "new look"—Buick has it. That sturdy push-bar forefront says "1951" to all who see it—and provides unsurpassed front-end protection to boot.

If you want power that you can live with through many moons to come—Buick has that too. Years of expert engineering have made Buick's thrill-packed Fireball engine just about as dependable as a power plant can be.

If you want features that combine present pleasure with long-time durability, consider this:

Buick's level-going ride stems from coil springs on all four wheels which are virtually break-proof and never need servicing.

Buick's Dynaflo Drive* takes the strain out of every mile of driving—and pays off by eliminating any need for friction clutch repairs and replacements, by reducing engine and transmission upkeep, and lengthening life of tires.

*Standard on ROADMASTER, optional at extra cost on other Series.

No other car provides all this:

DYNAFLO DRIVE—saves strain on driver and car
FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
WHITE-GLOW INSTRUMENTS—greater clarity at night
4-WHEEL COIL SPRING—cushions ride, saves servicing costs
TORQUE-TUBE DRIVE—steadies ride, improves driving control
DUAL VENTILATION—outside air fed separately to right or left of front compartment
SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
DREAMLINE STYLING—slept, car-length fenders, gleaming sweepers on most models
Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

If you want room and comfort and handling that make any trip a breeze—there's no simpler way to find them than to take over a '51 Buick SPECIAL, SUPER or ROADMASTER—relax and enjoy yourself.

And if you want all this at a minimum outlay of dollars—one look at Buick prices will settle this point.

So the smartest thing you can do is get in touch with your Buick dealer. How about doing that right now?

Equipment, accessories, trim and models are subject to change without notice.
